ALPHABETICAL INDEX TO UNIONS

This index contains page references to international and national unions and independent local organizations that are contained in Parts II and III of the Directory.

The alphabetical search for a specific labour organization can be done, where applicable, by

- its official name (e.g. Canadian Union of Public Employees)
- its local appellation (e.g. Saint John Police Protective Association (CUPE); and
- general occupational category of the workers (e.g. Public Employees, Canadian Union of).

PART I

STATISTICS ON UNION MEMBERSHIP IN NEW BRUNSWICK, 1989

SUMMARY

As of January 1989, union membership in New Brunswick totalled 87,447, an increase of 2.3% from 85,460 recorded a year earlier.

The growth in union membership can be partly attributed to the increase in the number of unions from 103 to 108 and the number of locals from 542 to 548.

Industrial sectors having the greatest increase in union membership were Construction, 800 members, Manufacturing, 580 members, and Government Service, 409 members, while Educational Services showed the greatest decline in union membership (-298).

Trade unions falling under the jurisdiction of the Industrial Relations Act showed an increase of 1,920 members from 1988.

It should be noted that information pertaining to the Maritime Fishermen's Union has not been included in any of the statistical tables due to the absence of a regular employer-employee relationship.

TABLE 1
UNION MEMBERSHIP IN NEW BRUNSWICK
SELECTED YEAR 1981 - 1989

YEAR 1	NO. OF LOCALS	TOTAL MEMBERSHIP	% CHANGE FROM PREVIOUS YEAR	LABOUR FORCE	% OF THE LABOUR FORCE

GLOSSARY OF TERMS

*UNION - The unit of labour organization that organizes and charters locals in the industries or trades as defined in its constitution, sets general policy for its locals, assists them in the conduct of their affairs, and is the medium for co-ordinating their activities. Funds are obtained from the locals through per capita dues. Unions usually hold regular conventions of delegates from the locals at which general policy is set and at which officers are elected.

*INTERNATIONAL UNION - A union that charters locals in the United States and Canada.

*NATIONAL UNION - A union the charters locals in Canada only.

*AFFILIATED UNION - A union that is affiliated with a central labour congress.

*INDEPENDENT LOCAL ORGANIZATION - A local organization that is not formally connected or affiliated with any other labour organization.

*LOCAL - The basic unit of labour organization formed in a particular plant or locality. The members participate directly in the affairs of their local including the election of officers, financial and other business matters, relations between their organization and employers, and they pay dues to the local. There are locals of international, national or regional unions, locals directly chartered by a central congress and independent local organizations. Sometimes unions have units, similar to locals, such as lodges, branches or divisions.

*LOCAL OF AN INTERNATIONAL OR NATIONAL UNION - A local that is organized by or elects to affiliate itself with an international or national union. Per capita dues are paid to the parent union and in return certain services are rendered by the union.

*DIRECTLY CHARTERED LOCAL - A local that is organized by, and receives its charter from a central labour congress and is not part of an international or national union. It pays per capita dues directly to the congress and receives services from the congress.

*DISTRICT COUNCIL - An organization of locals of a union in a particular area formed to coordinate the activities of the locals in the district. District councils may hold meetings of delegates from member locals to deal with matters of interest to them and at which officers for the district are elected. District organizations are also known by such names as joint boards or conference boards.

*ALLIED TRADES FEDERATION - An organization of unions or locals of unions in a particular area, functioning in the same industry, to co-ordinate the activities of the members and to deal with jurisdictional questions. Policies are established and officers are elected at meeting attended by delegates from member organizations. Trades federations may be known by other names such as union councils, union federations, joint councils, and they are most frequently found in industries organized along craft lines.

*CENTRAL LABOUR CONGRESS - An organization having an affiliation with various unions, directly chartered locals, provincial federations of labour, and local labour councils, for the purpose of broadly co-ordinating their activities at the national level including the relations between unions and governments and establishing relations with organized workers internationally. Congresses hold annual or biennial conventions attended by delegates from affiliated organizations at which policies are established and officers elected. The congress also organizes local unions known as directly chartered locals. Funds are obtained through a per capita tax on all affiliates.

*PROVINCIAL FEDERATION - An organization formed by a labour congress at the provincial level, which consists of the congress affiliate in the province. It functions similarly to the congress in the appropriate provincial area except that it does not charter local unions. Funds are obtained through a per capita tax on affiliates.

*LOCAL LABOUR COUNCIL - An organization formed by a labour congress at the city level. It is organized and functions in the same manner as a provincial federation, but within the scope of a city. Funds are obtained through a per capita tax on affiliates.

*Definitions taken from the "Directory of Labour Organisations in Canada 1988", Bureau of Labour Information, Labour Canada.
